

I am in opposition to this bill. CT is not set up for verification of authenticity of ballots, verification of signatures. We had overwhelmed workers attempting to count ballots and an overwhelmed Post Office. As was seen in the last election, this method of voting is fraught with so many ways to corrupt the election process. Our method of online registering to vote requires no verification of citizenship status other than the applicant's word. Yes, we need an overhaul but not one that makes it easier to cheat. We can make it both easier to vote and also assure the voters that every vote is valid with reforms. These bills will not do that. Do what is right for We The People, vote not on these two bills. Barbara Fairbanks, Woodbury, CT
